

Experian Access Update: Purpose Type “3F” Option

New changes effective September 27, 2013

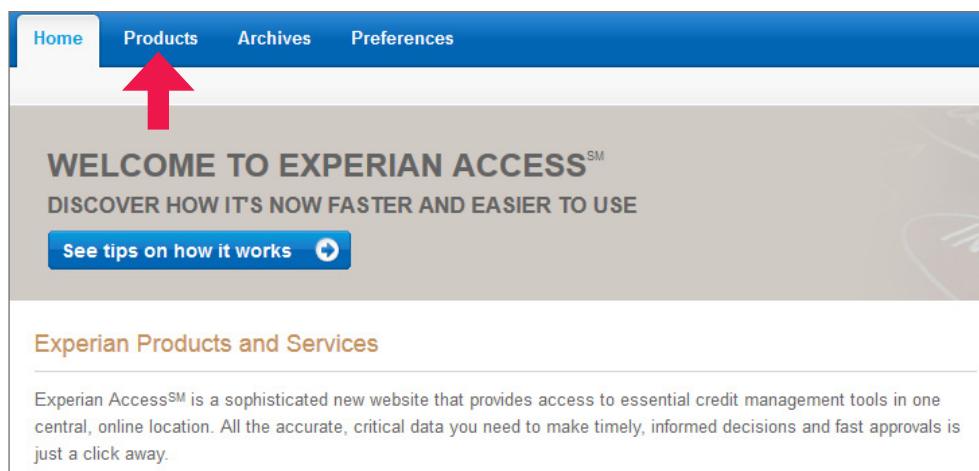

On September 27, the option to select Purpose Type “3F = Prequalification Consent” on the inquiry page for Credit Profile Report will no longer be available. Instead, users will be required to access 3F Prequalification through a new option (see below for more details).

This is how Prequalification Consent is accessed today:

A red box highlights the "Purpose Type" dropdown menu, which is set to "3F". Below the dropdown, a list of purpose codes is visible: "3F = Pre-qualification Consent" (selected), "3H = Utility Inquiry", "43 = Debit Card", "47 = Credit Line Secured, Revolving", and "48 = Collection Department/Agency/Attorney".
